### **DETAILED ACTION**

The following action is in response to the amendment filed for application 10/561,693 on April 7, 2008.

#### ***Drawings***

The drawings were received on April 7, 2008. These drawings are approved.

#### ***Allowable Subject Matter***

Claims 13-25 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the multi-gear power shift transmission as claimed, and particularly including the gear unit of the second counter shaft is only directly drivingly engagable with the gear unit of the first counter shaft and the gear unit of the output shaft, and including the remaining structures of claims 13, 20, and 25, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Calvert '426 has been cited to show a similar transmission.
